

Decongestant Patch

Innovative, patented, matrix patch delivering its blend of essential oils to **improve breathing** and allow a **good night's sleep**. When patch is attached to sleepwear, preferably near the chest, body heat releases essential vapors - beneficial effects last for **up to eight hours**.

Safety criteria and Experimental Evidences

- **Tolerability/safety** - product formulated without parabens, phenoxyethanol, petroleum jelly (also called petrolatum) and colorings. In addition the product contains Bitrex which prevents accidental chewing and ingestion by kids.
- **Experimental evidence** - at body temperature of about 32°C, essential oils released over an 8-hour period, as demonstrated by release curves.
